Nichols, Missouri.

• Fruit and Ornamental Trees,
Grape Vines, Small Fruits,
Shrubs, Plants, Roses, Etc.

CERTIFICATE OF INSPECTION WITH EACH ORDER.

FALL OF 1901. SPRING OF 1902.

Notice to Customers.

Orders should be sent in as early as possible, that there may be plenty of time for shipping long distances when necessary.

Buyers ordering by letter should write out the order plainly, *on a separate list*, and not in the body of the letter. It will prevent mistakes in the hurry of the packing season.

Give plain and explicit shipping directions. When none are given, we forward according to our best judgment; but in no case do we assume any responsibility after the delivery of stock in good condition to forwarders.

All orders from unknown correspondents must be accompanied by the cash or satisfactory references.

If the varieties of fruit ordered cannot be supplied, others equally as good, and ripening about the same season, will be substituted, unless ordered to the contrary.

We recommend that purchasers leave the selection of varieties with us, as far as possible, merely stating the proportion of summer, fall and winter fruit wanted, as our experience enables us to select such sorts as are adapted to the locality.

Immediate notice should be given to us of any error in filling out an order, so that we may at once rectify the mistake or give a satisfactory explanation.

All our stock is free from insects and disease.

While we exercise the greatest diligence and care to have our stock true to label, it is mutually agreed between ourselves and the purchaser that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally charged for stock that proves untrue.

 As our nursery stock is particularly adapted to the Western climate, grown here, and under our own supervision, we hazard nothing in saying that it will prove greatly to the advantage of fruit growers and planters to plant our well-tested and carefully grown fruit, and other trees, in preference to the imported stock offered so largely by dealers. Our motto is: "Western Stock for Western Planters." Any information on this subject will be cheerfully given. Correspondence solicited. Remember we are able to compete in prices with any one, and will sell at lowest rates.

Price List of Fruit Trees and Small Fruits.

All the leading varieties in stock.

POULTRY.

We also have in connection with our Nursery a choice strain of Barred Plymouth Rocks which we have been breeding for seven years. Exhibition birds from our pens have competed in the annual poultry shows of Missouri and Arkansas, always winning our share of premiums. We will have some of the best breeding stock to offer for sale this year that we have ever raised. Prices reasonable. Eggs for sale in season.

Best pens, per setting of 15 eggs, \$3.00.

Second pens, per setting of 15 eggs, \$2.00.

We take special pains to pack eggs so they will transfer safely. All orders by mail will receive prompt attention. We kindly solicit your correspondence and invite you to examine our stock before buying.
